Passing lanes: slower horses to one side, faster horses to the other side. THESE ARE NOT SHORTCUTS! They will prevent bottlenecking if you observe them. Do you walk or trot slowly? Your horse is a slower horse. Do you move out at canter/fast-trot/gaited? Then your horse is a faster horse.

FOR THOSE INTERESTED IN HAVING PROFESSIONAL PHOTOGRAPHS TAKEN

- There will be a photographer on the beach on Saturday only from 0900-1200 noon.
- * Pictures taken will be displayed on TV during dinner for your enjoyment.
- * Photographs can be purchased between 5PM and 8PM Saturday evening for pickup Sunday morning between 7-9AM.
- Photographs may be purchased online at <https://aktpics.net/eastern-shore-trail-ride/> at any time AFTER Monday.

* Depending on weather and tides.

For best results:

- **CHECK THE TIME** Photos will be time stamped to make them easier to find.
- **GET OUT OF THE PACK** Picking you out of a crowd *can be impossible* and there is no guarantee your picture will be taken. Group shots are great, just let the photographer know.
- **MAKE A SPLASH!** Running in front of me or towards me in the water makes for some great photos! Getting thrown in the water will too, but I'm not allowed to encourage that.
- **NOT TOO CLOSE. NOT TOO FAR.** (25-100 yds) If you are too close I won't be able to get all of you and your beautiful horse. Too far and, you know...
- **HAM IT UP!** Being a ham is encouraged, for today only.
- **HAVE FUN!** That's why we're here. Be safe too.
